

Sophia Juan

A frontend developer with 4 years of experience in creating responsive, user-friendly web applications. Seeking to leverage my expertise in HTML, CSS, JavaScript, and modern front-end frameworks to contribute to a team that values innovation and user-centered design. Committed to delivering exceptional user experiences while staying up-to-date with the latest web development trends and technologies.

EXPERIENCE

Frontend Developer & Designer

HTech Corporation, Oct 2020 - Present

- Develops high-quality front-end projects for diverse clients, including telecommunications companies, government agencies, fast-food chains, brand campaign microsites, health agencies, and more.
- Identifies and resolves front-end bugs, implements mobile responsiveness fixes, and enhances overall website UX.
- Collaborates with designers on design strategy, from concept and wireframes to development handoffs.
- Provides technical and UI/UX solutions to meet client requests.
- Manages the frontend boilerplates and reusable components for future use.
- Provides guidance and gives code reviews for team members who are new to front-end development.
- Participates in tech-sharing sessions within our Creatives team to boost productivity, covering topics like the latest design tool updates, useful plugins, CSS tricks, and more.

Freelance Frontend Developer

Apr 2022 - Feb 2023

- Developed Laravel-powered webpages for a travel booking website that showcases famous island destinations in the Philippines.
- Collaborated with project managers and backend developers in addressing UI/UX-related issues and requests from the client.

Freelance Designer

Oct 2022 - Nov 2022

- Designed digital backdrop for events, minimalist logo for small business, and educational infographics.

Web Designer

MCVO Outsourcing Talent Resources, Oct 2019 - Sep 2020

- Developed UI mockups and prototypes.
- Prepared design plans.
- Presented the website structure to clients.
- Built the website front-end using CMS (WordPress) and making sure it was SEO-friendly.
- Maintained the appearance and performance of clients' websites.
- Created marketing collateral designs such as email templates, social media banners, and infographics for both the company and clients.

IT Support (Internship)

SVG & Co., Jun 2018 - Aug 2018

- Responded to queries and walk them through problem-solving process.
- Provided technical assistance and support for incoming queries and issues related to computer systems, software, and hardware.
